

Pelvic Inflammatory Disease

Pelvic Inflammatory Disease is important, but can be difficult to diagnose. In this interactive workshop, participants will better understand how to diagnose and manage the condition.

Learning outcomes:

- Describe how to diagnose PID
- Identify causes of PID
- Use clinical guidelines such as Australian STI Guidelines to manage PID

Date : 6th September 2018
6.30 - 8.30pm

Venue : SHQ Lecture Theatre
70 Roe Street
Northbridge, WA

Cost : \$75 (Gst free)

Presenter: Dr Richelle Douglas, *SHQ Medical Director*

Rural and remote clinicians will be able to view and participate in the session via a live video stream. Please contact Teresa Duffield for further details.
