

# Inclusive and Accessible

## Education and Training Services

### For people with disability

Our team has been providing education to children, teens, and adults with disability for over 25 years; along with providing strategies and learning opportunities to parents, carers, and other supports. Some topics include:

- ▶ Protective education
- ▶ Assertive communication
- ▶ Sex, consent and the law
- ▶ Contraception and pregnancy choices
- ▶ Sexual health
- ▶ Cybersafety
- ▶ Puberty and hygiene
- ▶ Respectful relationships

## **School programmes**

If your a school looking for specialised education for your students, we offer tailored programmes to suit a diverse range of needs for primary and secondary students.

## **Workshops**

If a full programme is not suited to your needs, workshops are available to schools, teen groups and supported adult services such as workplaces, accommodation, social groups and more.

## **Training and Professional Development**

Our many years of working with people with disability has enabled us to develop training for professionals, parents, carers, teachers, and anyone supporting a person with disability. Delivered at your location or at our Northbridge venue.

## **eLearning**

Our online learning units are a convenient education option for professionals, parents, and carers.

## **Teaching resources**

Teaching modules are available for purchase, containing lesson plans and worksheets to support teachers to implement sex education, respectful relationships and protective behaviours programmes into their curriculum.
