

Education Programs and Workshops Disability

The Disability Team at SHQ deliver a range of education and training options. We deliver education to children, young people, and adults with disability, as well as parents, carers, support workers, teachers, and other professionals. Contact us to discuss education and training options:

School Program

We have been providing tailored education programs to schools who support students with disability, across WA for over 20 years.

A full school program can include up to 20 sessions of education to four groups, one day per week, across five weeks. If five weeks does not suit your needs, please contact us to discuss tailored workshop options.

Workshops

These workshops are ideal for groups who do not want a full program but would like education around a specific topic or concern. Workshops are suitable for children, young people, adults, and parents and carers of people with disability. Please contact us to discuss how we can tailor a workshop for you.

Topics

Some of our most requested topics include:

- Public & Private Concepts
- Protective Education
- Respectful Relationships
- Puberty
- Sex Education
- Masturbation
- Menstruation
- Sexual Health

Sexuality & Disability: What You Need to Know

This two day course is designed for those who work with people with disability, to provide inclusive sexuality and wellbeing support to people with intellectual and/or neurological disability.

SoSAFE! User Training

Uses easy-read visual tools to assist with social and sexual safety skills education. The explicit, rules-based format helps the learner to understand the boundaries within different types of relationships and provides strategies for developing intimate relationships in a safe and measured way
